

Realities For Children Charities

BIKES for TYKES

Because a bike represents freedom

Are you looking for a way to make a difference this holiday season?

Is your neighborhood awesome?

Become a Neighborhood Captain for Bikes For Tykes

What is this all about?

Mission: Unite neighbors both socially and philanthropically to Pay It Forward over the Holidays and help make wishes come true.

Goal: Empower and inspire your neighborhood to collect bikes (*gently used or new*) for boys and girls 2-17 year olds.

Charity: Realities for Children Charities - A 501c3 non-profit serving children in Larimer County who have been neglected, abused or are at risk.

Every  will be matched with a **FREE HELMET** and each donation (tax deductible) will positively impact a young person's life!

Your responsibilities as a Neighborhood Captain:

Set a neighborhood goal for the number of bikes you want to collect.

Plan a collection event. You might want to make it a neighborhood holiday party with food, drinks, kids activities, music, etc. If your neighborhood already holds a holiday party, this could be the perfect addition. Or it could just be a simple plan for when and where bikes will be collected.

Coordinate neighborhood resources to deliver bikes. New bikes will need to be delivered to Realities For Children storage onsite at First Presbyterian Church by December 15th. Used bikes will need to be delivered to one of our partner bike shops by December 10th so there is time for safety checks before distribution set-up on Dec. 16th.

Collect donor information (using provided form) as well as any checks written and get to Realities for Children ASAP, this could happen when you drop off new bikes at the storage unit.

Interested or have more questions, please contact Joyce at joyce@RealitiesForChildren.com or 970-239-1029.
